Drug Interactions Checker

Type in a generic or a brand name drug and select from the list. Add as many prescription drugs or OTC drugs as you'd like. When you're done, check for possible drug interactions.

Drug Name:

Drug Interaction Categories

Contraindicated

Never use this combination of drugs because of high risk for dangerous interaction

Serious

Potential for serious interaction; regular monitoring by your doctor required or alternate medication may be needed

Significant

Potential for significant interaction (monitoring by your doctor is likely required)

Minor

Interaction is unlikely, minor, or nonsignificant
